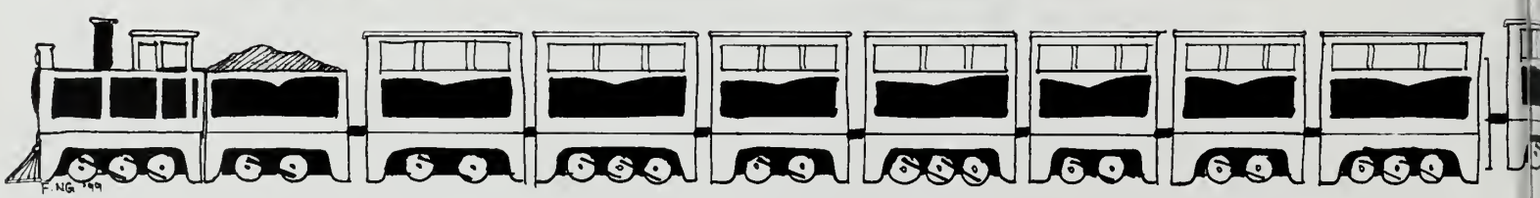
A Fond Farewell.....

Lives of great men all remind us
We can make ourlives sublime
And departing leave behind us
Footsteps on the sands of time;
Footsteps that perhaps another,
Sailing O'er life's solemn main,
A farlorn and shipwreck'd brother;
Seeing, shall take heart again.
-Longfellow



Fifteen years ago Peter and Dottie Bragdon came to us from the Kent School in Connecticut. They brought with them ideals and hopes of building a close-knit community, and that they did. The effort and love they put into this school surpass the fifteen years they have been at the Academy.

Just think of every time you turn and see one of Mr. Bragdon's signature hats, or Mrs. Bragdon carrying a beautifully handcrafted pot. Think of seeing Mr. Bragdon, low to the ground performing the GDA locomotive with his face painted red. Remember walking into Mansion house to see the Bragdons' faces beaming while their house is filled with students dispersed and having a great time. Don't tell me you didn't shed a tear from your eyes when Mr. Bragdon packed his nature stories away, because I know I did.

These examples have all been on a personal level, which is how Mr. and Mrs. Bragdon operate. Not only have students benefitted from their presence, but the campus has also. Think of GDA without the Pescosolido Fieldhouse, Nannie B. Phillips Dormitory, faculty housing, the Center for the Study of Math and Science, the Pescosolido Library, and the Porter Field. We know how comforting it is to grab a magazine and see Mr. and Mrs. Bragdon's faces in the reading room in the library.

While at GDA Mr. Bragdon has not only vastly increased the endowment, but has helped raise money for students whose families cannot afford tuition. Mr. Bragdon takes the school's motto, *Non Sibi, Sed Aliis*, "Not for Self, but for Others," true to heart. We have become a better school because of these improvements.

The Bragdons are true pillars of the GDA Community, and when they decided it was time to move on, we all felt a part of us leaving too. When anyone sets foot on campus, they can hear that cardinal red locomotive, but next year it'll be a new sound with two new conductors. However, we know there's always a spot for the Bragdons to shovel in the coal that keeps the train running.

Mr. and Mrs. Bragdon, thank you for fifteen years of hard work at Governor Dummer.

The 1999 Milestone is dedicated to Peter and Dottie Bragdon

LA

Octoberfest

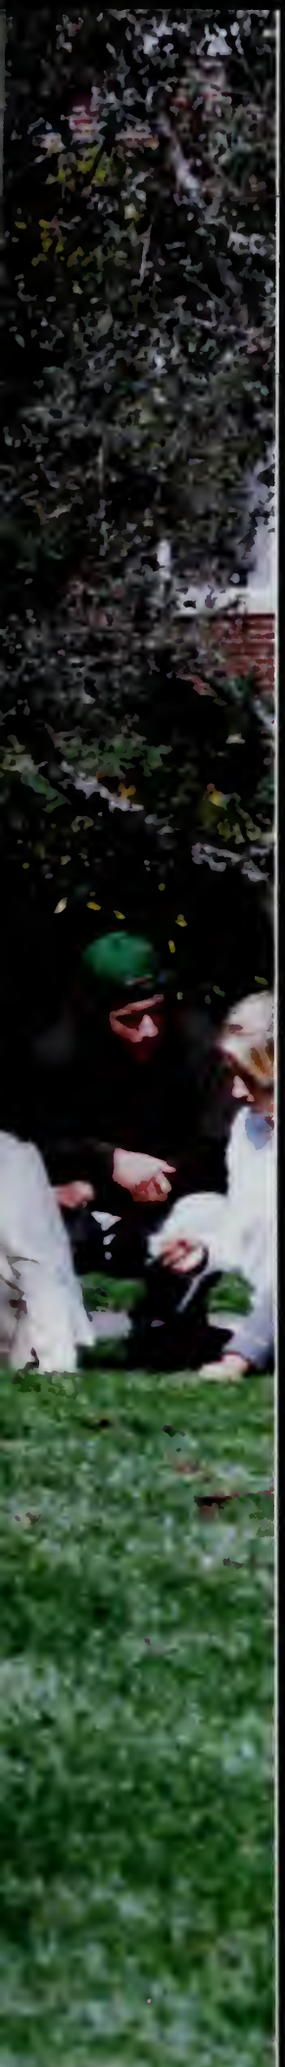
The hills and leafless forests slowly yield
To the thick-driving snow. A little while
And night shall darken down. In shouting file
The woodmen's carts go by me homeward-wheeled,
Past the thin fading stubbles, half concealed,
Now golden-gray, owed softly through with snow,
Where the last ploughman follows still his row,
Turning black furrows through the whitening field.
Far off the village lamps begin to gleam,
Fast drives the snow, and no man comes this way;
The hills grow wintry white, and bleak winds moan
About the naked uplands. I alone
Am neither sad, nor shelterless, nor gray,
Wrapped round with thought, content to watch and dream.

-Archibald Lampman, "In November"

LA

Forever February

Snow can wait I forgot my mittens
Wipe my nose get my new boots on
I get a little warm in my heart
When I think of winter
I put my hand in my father's glove
-Tori Amos, "Winter"



April Showers

The sun was warm but the wind was chill.
You know how it is with an April day
When the sun is out and the wind is still,
You're one month on in the middle of May.
But if you so much as dare to speak,
A cloud comes over the sunlit arch,
A wind comes off a frozen peak,
And you're two months back in the middle of March.
-Robert Frost, "Two Tramps in Mud Time"

Season Finale

Governor Dummer's Senior Class of 1999

The class of 1999 started their senior year off very united, and they plan keep up that tradition throughout the year. It started off with a couple of fun filled days at the Brantwood camp in New Hampshire. While sleeping in oh so comfy and warm A frame cabins the seniors cooked, cleaned, hiked and still found time to think of witty and hilarious skits.

Upon returning to the cozy G.D.A. campus, the seniors continued their leadership qualities when they pulled off a successful closed night. They hosted a decades dance ranging from the 50's to the 80's. Everyone had a "big time".

With the retirement of Mr. Bragdon, the Senior Class hopes G.D.A.'s class of 1999 goes out with a bang.

-Jesse Lee '99

Justin has a deep thought while wearing his thinking cap.

Nathanael and Sarah, GDA's own environmental activists.

Never too far from home. Mike and Steph are found in the French Building.

Jesse and Bob represent the Seniors winning the pie eating contest.

"Come to the Guild," say Tim, Jesse, and Pat.

Courtney and Marlena put their social lives aside to help out at the Special Olympics.

Robyn, Becky, Marika, and Rosse always find time to eat and catch up.

Stu asks Becca, "Can I get a what, what?"

Matt and Rick. I bet you're glad the summer is over.

Brantwood

Ryan Shelley, GDA's one remaining Backstreet Boy, tears it up.

Jessica and Brooke may be from different decades but they're still close.

Alison, Matt, Daria, and Holly are the epitome of retro.

Leila and Pat bust a move.

Even the faculty enjoy school activities.

GDA has definitely been one important chapter in my life. So much has happened over the three years since I started sophomore year. This is my impression of the experiences at the academy in three sections.

Sophomeore year: Ingham; lived on first floor; spent much time reading computer magazines, talking to Chaklit Chotechurangkool, Greg Moore, Wookie, Yuki and A. Room slightly closer to mess-level than orderly, but generally clean. I guess this was just the beginning. Dorm Parents: Mr. Bidstrup, Mr. Searles, Mr. Quigley.

Junior Year: Ingham: lived on first floor(same room); spent more time with the computer, but this year was hard. Modern European History(MEH) was particularly tough; My big history thesis on the Gulf War was the ultimate trek. Room slightly closer to mess-level than orderly. Generally, a tiring year. A real challenge. I remember the dark rainy nights typing the 10+ page history paper and doing homework most.

Senior Year: Ingham; lived on first floor(same room); A huge change-both mentally and physically. Physically, this was when the effects of work-addiction really began to show. Work Work Work Work Work. It never really stopped. Was there a light at the end of the tunnel? I guess. Work became a lifestyle: a new home , a dimensions, a day schedule. I t went by rather quickly. Life seemed very short. But the hands on the old dining hall clock moved as slow as usual.

A big thanks to those who have made this a worthwhile experience: my teachers, my classmates, Joann, Lara, Christina, Gregor, Joeli, (too many to list!) Thanks to Mrs. Britton, Mr. Peter Nelson, Mr. Seufert, Mr. Bidstrup and my advisor, Mr. Hart.

What shout out Tamika. kind of best friend would I be if I left without giving a to my best friend Zenovia "Tamika Brown" Wright. Zenovia/ (Tamika on the weekends), we've grown up over the years together, each relying on the other's strengths for support. I've come to rely on your strength and wisdom and I love U and will miss U no doubt. Don't forget my number, and do me a favor: Please tell Candi who her REAL father is! lol

And to the Suggs- U guys have been my inspiration, (especially U Big Daddy Ike), and I will never forget U. U have been there for me to give me wisdom, love and security when i needed it the most. Thank U for having faith in me, and although there are no words to express how much U both mean to me. I'm going to go out there and try to make U both proud.

To Naomi, Kristen, Marlena, Diana Burnell, Natalia, Elisabeth, Skip, Paige, Jessica Watsonofsky: I love U all. I will miss U all and miss everything that we have shared and come to laugh at and come to love. In 10 years, I want U all to be able to contribute to the "Let's get Jason a Lexus" fund. (lol) And Naomi "Felicity" Fink- When U see Simon Rex in NYC... U know what to do! (lol) U are too much, sweetie, and I will definately see U around in the area. Kristin Marie Seim: I love U and I will miss U; U are one of the most beautiful people I have ever met, (both inside and out), and I can't wait to get backstage passes to your concerts! (lol)

U will have my number and my email addy so call me whenever U need to and when U don't need to as well! I love U so much 'cause U are my baby and U have got to take care of yourself. Stu Gilfillen

"I have always looked at life as a voyage, mostly wonderful, sometimes frightening. In my family and friends I have discovered a treasure more valuable than gold. I have seen and done things that I read about as a kid. I have dodged many storms and bounced across the bottom on occasion, but so far Lady Luck and the stars by which I steer have kept me off the rocks. I have paid attention when I had to and have made more right tacks than wrong ones to end up at this moment- with a thousand ports of call behind me and, I hope, a thousand more to see. My voyage was never a well-conceived plan, nor will it ever be. I have made it up as I went along." -Jimmy Buffett

To the person I forget: I am sorry and don't feel excluded by my forgetfulness. To my Mom- You've done everything for me so far from driving me all over creation to helping me afford my expensive sailing addiction. You've been a parent, a friend and the most important person in my life. And while I know I can never fully repay you, I still want to say thank you and I love you. Dad- My life, like yours, has changed and I wish you the best in all your endeavors. Thanks for all the support you've given me. Herby- You've been like a brother to me man- let the good times roll. Pete-Your wisdom and your humor helped me many a time, and for that I thank you. Jen- So I hear you're a model. 'Nuff said. Carolyn- Thanks for giving me some of the best times of my life. You'll always be my bean. Tim, & Mom and Dad Hanson- Thanks for bringing out the best in me and never forgetting to make me double check the train schedule. Janet- EAT THE PEEPS! Keep smiling 'cause you're so good at it. And remember- Just think, "cheese". Michi- You made me crazy, but I still love ya kid. Ms. Sweitzer, Wanny, Mr. Werner, Ms. McKeen, Mr. V. & "Big Ike" Suggs- Thank you all for showing me the way.

There is not much more that can be said about the great class of '99 that hasn't been already. We were the best, and we made it. This page was very difficult for me, as so many people touched me in so many beautiful ways. To those who did not appear in my notes as a result of space restrictions, *I LOVE YOU* and *THANKS*. **MOM & DAD**- Your wisdom and understanding, strength and grace and fire have always guided me through. Thank you for your fierce loyalty, and I love you infinitely. **BRIAN**- Keep on dreaming and working to make those dreams real. You have been a tremendous brother and friend for the past four years, despite being left at home. I love you. **J.J.**- You have the strength of an ox, the speed and power of a freight train, mixed with humility rarely seen in someone so young. I envy your wisdom and grace. Believe in yourself and you will do no wrong. Good luck and I love you. **MEGHAN**- A thousand words can not express what your love has meant to me. You are truly special as you have made me a kinder and gentler person where once it seemed impossible. You hold my heart in your hands. Cherish the memories we have, and look forward to the ones we are still to make. I love you unconditionally. **MOO-TOWN**- We've been through it all. From our first conversation, naked and exhausted in the Cottage bathroom, untill the day we jumped over the wall we were together always. Through good times and bad you have always been there for me. It is an honor to have lived with someone so passionate and powerful. You are the best friend a man could ever ask for. **TIMMY**- We haved shared some wild rides over the last two years, both good trips and bad. They say with wisdom comes strength, and if that is true you must be the strongest man alive. Thank you for your loyalty and generosity. It is strange that in only two years we have come so far that now I know I have been blessed with not one, but two chusest friends. **HOBBSEY**- The end of an era is upon us. We've spent close to a decade with each other and I still can't believe it's over. Thank you for your friendship and support. Light'em up next year, and remember that size doesn't matter, you're still the best. **MARSHALL**- If strength of character could be measured tangibly you would be off the charts. Thanks for the friendship and the memories we've made, not to mention the ones still to come. Southie never looked so good as when we walked in the room. **JOE P.**- Four years and it's come down to this, a few notes to sum up huge feelings. Your tenacity friendship and support have helped me through my toughest times. Thank you, and believe me when I say I really don't mind that you're following Sarah to Bowdoin. **MINCOLLA**- You're a true friend, I'm sorry to leave you behind. But, it's my time to go, and the school is in your hands now. Do with it WHATEVER you like. Peace. **ANIMAL THUG (MALCS)**- Remember me when you're a top body builder, I may need some tips. I'm glad I got to know you and your neuroses before it was too late. You're a great friend. **SCREWY**- All I have to say is *NEVER CHANGE!* Thanks for the friendship and enlightenment. Keep Ingham in check next year and don't let them do anything we wouldn't do. **SMACKEY**- What can I say, you're the man. You were an instant pick me up when I was down and a sobering mind when I was too up. Above all else, though, you've been a real friend, and for that I thank you. **PORTER,SETH, and EJ**- Four wild years filled with too much fun and too little work are now over. PHEW! Thanks for your friendship and the memories. I will never again meet three men who have so much fun. **TRIENDL**- Nick-at-Night fits, the day after, and hair gel never looked so good. Keep things in check wher- ever you are, and always remember, you're not as cool as you think you are. **CEGA**- You will never know how much your help has meant to me. As a great man (you) once said, you gave me all you had, and that's all anyone can ever ask for. THANKS.

MOM and DAD- Thanks! I love you to the sky and back and forever. **BECKY**- Bex, I couldn't have asked for a better sister! I can honestly say that I would never have made it through the last four years without you. I have become a better person just knowing you and I am blessed to have your wonderful friendship. It is impossible to capture all that we have been through together but the B.E.S., late night talks with David Allen Bushay, midnight dancing, and all of our other adventures will be with me forever. Just remember; "My memory is long, my memory is very very long." I love ya sis! **LADONIA**- I have never met anyone with so much inner strength until I met you. You have shown me how to be true to who you are and be proud of it. I know that you will accomplish so much with your hard work and determination. Thanks for always being so brutally honest and always listening. I know you were not always happy at GDA but I couldn't imagine my high school years without you. There is always a crab cake here for you. I love you Brown Baby! **ROBYN**- Robs, it was always you and me in the end. We were the two overlooked, cute, boyfriendless girls that couldn't dance, but we always had a great time anyways. If it weren't for you I would not have had anyone to discuss my Fresh boyfriend with. I hope our memories of our funny and embarrassing moments never fade. I love ya! **MEGHAN**- It is hard to believe that we were anything other than friends. One thing is true; we make better friends than enemies. It is great to have a friend that comes from the same place as you who understands. I'm always here for you to peer advise you when life throughs you for a loop. Just remember; it all comes down to women's issues! I love ya! **DARIA**- You have amazing energy and a great smile. I'm going to miss your laugh and jokes everyday. Never forget all the sketchy guys we met on the strip. Thanks for being such a good friend. Good luck. I love ya! **JOE**- You are an outstanding citizen! I love your crazy stories, your warm heart and don't forget your sexy hands. I will never understand how you do so much but I am grateful that you are who you are. Thank you for a wonderful friendship. I love ya! **HOBBS**- Thanks for all the good times and all the great talks. I hope that you reach all your dreams for the future, don't worry we will get there some how. **BRETT**- It's funny to think that I have known you for 6 years and you have only known me for 3. Now I am lucky enough to have you as one of my closest friends. Remember I'm just down the road. Love ya. **DERVAN**- Thanks for all your great hear hugs. Good luck. **MATT**- You were the one that got me through my day to day crisis's. It was great knowing that you were always there to talk or make me laugh. Good luck! **PETE**- You are such a stud! RIDERS

The surest thing there is is we are riders,
And though none too successful at it, guiders,
Through everything presented, land and tide
And now the very air, of what we ride.

What is this talked-of mystery of birth
But being mounted bareback on the earth?
We can just see the infant up astride,
ilis small fist buried in the bushy hide.

There is our wildest mount-a headless horse.
But though it runs unbridled off its course,
And all our blandishments would seem defied,
We have ideas yet that we haven't tried.

-Robert Frost

Thank you to everyone who supported me along the way. I couldn't have done it without you!

Mom-You have been there for me so much, more then I ever realized. I don't know how I will ever make it up to you, but I will some day.I love you.**Uncle Tom**-You know that you are more than an uncle to me, I consider you to be my father. You have done more for me than any other uncle has ever done for their godchild.Thank you so much.**Kate**-My first friend at GDA and by far my closest since then.You are one of the strongest people that I know.You have endured too much hardship for one person, but you always stayed strong.I hope that some day I am as strong as you.You were always there to listen to my problems(which were not even real problems). I can't begin to describe the times we've had together, but I'll try.The last night of school freshman year, all of sophomre year, but especially the cinderblock house, all of the shows we've been to, March of junior year when we formed the Rustic club, and were not even done with this year.I love ya kido. **Leila**-You have been my partner in crime since we first met.We have had sooo much fun I can't remember most of it.So I'll just write some of our high points. Parents weekend, Friday funday, the parking lot with Malo, the $100 in CVS, "Jill how in love am I" about everyone who walked by, your computer "look at all those colors", spray down before moring meeting and "we're changing the time to 6:30.You have been such a good friend to me and I will never forget it.You know more about me than anyone does because I trusted you more than most.Love Always.**Pat**-You were a really great friend last year and I will always remember that.I think we were there for eachother when we needed it the most.The past three years have been great, we had so many good times.**Jesse**-It was soo great to finally be friends.It took two years, but we realized we had more in common than we thought.Don't ever forget our wednesday afternoons, swimming in september, math class, Burlington studios(twice), all the fights with you and Jessica in the office. You have been a great friend and I'll see you next year.**Sarah**-Since the 1st time we met, when we talked about Andover we clicked.We have had a lot of fun.We will always be the two lonely girls with the ....., our serious talks about nothing going back to your house after a long night, 6:30 with me you, Leila and Minkin, and going out for "ice cream" when we were at Lyndseys.Where ever you are next year you are always welcome to visit where ever I end up.**Shmeg**-No matter if we talk or not we always seem to know everything about eachother. It's difficult to write to someone you've been close with for 4 years, because I know so much I could fill a book, but my favorite memory will always have to be slut, ho, bitch with me and Kate.I love ya.**Jimmy the Greek**-What can I say, except that you are sooo CUTE. I think you and I are more similar than we realize.We always seemed to have the same problems, but would come up with the same solutions. You were there for me more than most this year, and I thank you for that.And don't forget how much I love you because you're so damn cute.**Harry**-Well can you belive that we have stayed friends since 9th grade.I know that it must be some kid of record because our friends never seem to last this long.Good luck next next and be safe because I want to see you at all the reuuions.**Malo**-You will never know how much I missed you these past years.I wish you were jumping over the wall with me.**Abbie&Rae**-It's been a long year with out you girls, but I managed. Mom and Dad- I don't know how to thank you for everything you've done for me, not just these past four years, but throughout my entire life. You have always been there for me and supported me even through my toughest times. I value that support and respect you both for the strong loving people you are. I love you both so very much. **Merrie**- We are two completely different people and everyone knows that. But I love and respect you for the person you are and the wonderful person you are growing up to be. Always be yourself, and everyone around you will be lucky. **Jim**- I love you more than you will ever know. You have been my light through some of my darkest times, and my joy through the fun ones. You have been there through it all and always come back for more. There aren't many people in my life who support me like that. Thank you. The three years (yikes!) that I have spent with you have taught me so much about life and love. I treasure all the time we have spent together and look forward to the bond we will continue to share in the future, no matter what form our relationship takes. I will always love you. **Andrew**- My God what a long four years with you its been! We've been through a lot together, one of the only four-year friends I have who still remains close. But it is the close friends like you that will always be there. I love you. You have given me lots to think about, and always made me feel loved and cared for. I'll be seeing you on the slopes of Colorado when the snow flies! **Cal**- No matter how much joking around you and I do, I hope you know that I really do love you. You have been one of the best friends a girl could ever have. You better come out to visit me in college! Who knows, it will be after June 6th by then... now don't let that imagination wander too far!! Oh, well go ahead and let it. You have meant so much to me, especially these past two years, and I know that we will always stay close. **Joel**- A return to Germany in the future is definitely a must, and I would love to have you come with me. You have been one of the greatest friends I have ever had. Know that you always have a true friend in me. It is nice to be so close to someone and to just enjoy being friends. I didn't get to teach you how to ski this winter, so you will have to come visit me in Colorado!

Friendship Poetry
May my friendships be,
the most important thing to me,
With special friends
I feel I'm blessed,
so let me give my very best.
I want to do so much more than share,
the hopes and dreams of friends who care.
I'll try all that a friend can do,
to make their secret dreams come true.
Let me use my eyes to see,
to realize what friends can be.
And make no judgements from afar,
but love my friends the way they are.

I'd like to thank my parents for always helping me, and getting me off campus whenever possible. I'd also like to thank my grandparents for movating me through life. Mr. Leavitt, you've been an exellent advisor, teacher and friend for the past four years, thanks. To all of my friends, It's been an interesting time here at GDA, a time I'll never forget, I hope I see you all in the future. To the gentlemen of Phillips, You still have three years left, good luck with them, I'd like to say it was a fun year, I won't go that far, I learned a lot, I hope you did too. Good Luck to the my fellow classmates.

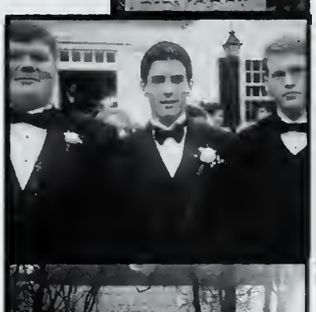
Mom, Dad: Thank you for all your love and support and happiness and teachings.
Matthew and Kerk: the best little brothers I could ask for; keep your chins up and smiles on your faces.
Stow: thanks for believing in me, and teaching me to laugh at myself.
Mr. Wann: thanks for being an awesome teacher, director, and friend.
Ms. McKeen: Thank you for your patience and direction in 'Into the Woods' and for helping to make it my favorite show i've ever been in.



Buddhist monks create sand mandalas, amazingly intricate sculptures that vanish in a stiff breeze, to demonstrate the transience of life's moments. Friendship is one of these moments. There's no limit to the number of friends one can have, but there are only so many minutes in a day. The friends I spend time with today are no greater or lesser friends than those of a month, a year, or a decade ago. And I know that there have been plenty of people at GDA whom I could've been friends with, but just didn't have the time. I would be deceiving myself to think that my friends today won't drift away at some point, too. I'll move on, they'll move on, and that's alright. Just remember this: even if i'm not always around, I will never stop caring. I will always love all of you. If any one of you ever needs anything, look me up. And, of course, I'm always up for a good time, too. So, til then... **Thoughts**: (in abc order, sort of): **Sarah** - you're beautiful, in every way. When I'm not around to remind you... keep smiling, always. **Pat, Harry, Traister** - Call me when the snow gets good in CO. **Joel** - You amaze me sometimes. You're stronger than I ever could have imagined. We had a hell of a lot of good times, didn't we? You've made your dad proud for 18 years, I know you'll keep it up. **Lindsay** - I don't know what to say. It's been a wild time, hasn't it? Real wierd, too. I'm just so glad things worked out for the best. I've got some good memories that I'll always hold on to. I'm looking forward to seeing where this story goes next.... who knows, hey, there's always the 3 year plan... just kidding (i think). **Jamie** - So where is Vietnam, again? Remember what we learned (?) in history. And be careful - cars drive fast in Boston. **Greg** - computer games, keys, soda cans, hockey sticks... you make me feel like a younger brother! But in a good way, too. If I ever need a job... **Paul** - I just hope you know how much respect I have for you... how bout coaching youth hockey in 20 years? **Francis** - I don't know what happened over the past year, but I'd rather remember good times in Ingham. You know how much I admire what you do. Let me know how things go at RISD (congrats, I knew it'd happen). **Cal** - don't worry, you'll grow up some day. Then the girls will be all over you. Just save a couple for me, k? **Patricia** - in case I didn't tell you, you're crazy. You can be my pool partner anyday. **Jaimie** - What happened? Oh well, I don't want to know. Just keep dreaming, and they'll start coming true. **Bettina** - remember T-Bor. but i'm never carrying you again. **Jesse** - It's been a trip. You've made me think more than anyone else. Thanks. We had so much fun, and I doubt it's gonna end soon. Maybe we'll finish a play someday. Really. **Nathanael** - Just remember lying outside the cabin at Brantwood. Interesting stuff. Keep on doing what you love... **Chris** - Fun for parties, bad luck for pool. Sorry about the grass stains. Thanks for not hanging up on me. You're awesome. And oh yeah - wrestling. Enough said. Later, dear. **Seppe, Yori, Kat, Alex, Simon** - you guys are the best, even if *someone* (ahem) is more boring drunk.... j/k. **Stu, Nate, Seth, + other Guild peeps** - it was amazing to finally play with you all. Drama (you know who you all are)- You're what make 3:30-5 the best 90 minutes of the day. I know I missed a bunch of people, sorry but they only give me so much space. don't worry, I still love you. All my love to Cottage 96+99 and Ingham 97+98 (long live ICC). **Good memories - JV Hockey, HMC, Germany** (remember how to get to the train station). **Faculty: Mr. Bragdon, Doc, Cega, Mr. Hart, Mrs. Hamovit, "Iron Mike", Leavitt, Mr. Liske, Morrisseau, Nellie, Quigley, Searlesy, Seuf, Stow, Mr. Wann, Mr. Werner, Mr. V, Wottie** - Nice job, I think; you've all made me who I am today. You've encouraged me to do what I love and what I believe in, and that's a gift I can never repay, so I'll just say "thanks". Lastly, **Off-Campus People** (who knows if you'll ever read this but it needs to be said): **Mum + Dad** - I know I'm awful at showing it, and i'm sorry, but i'm more grateful than I can put into words for all you've done. I know you did your best. **Rach** - You're the best little sis any guy could ask for. Just go easy with the boys. **Chris + Justin** - take it easy you two, we've still got a lot more partying to do. **Christine** - "I'm not cute!" Yeah, right. Still the craziest girl I've ever met, but I think that's what I love most in you. Who knows where things have gone / will go, but i'll always remember the best... **CJ** - Things always work out for the best, don't they? I wonder how that'll be. You've been there for me through so much... best friend/soulmate/whatever? I don't know. I've told you before, and it's truer than ever, i'll always love you (in that undefined way that only we can understand), always be there for you, always. finally, **Bill** - It's been almost 18 years, bro. You know you mean more to me than anything else. You make me whole. I owe you everything. West Berlin, throwing apples, Hampton, sledding, Papa Ginos, the pit, 5th of july, the Blue Rocket, hot chocolate from the gas station, b-ball, frisbee, baby nukes, screaming monkey stick, whiffle ball, concussions... road trip? You've been my life. Don't let anything change. later. ~dice.

I can't remember the first day on campus two years ago. How would I ever make it through my junior year. Now I'm sitting here a night before my graduation. It's all done..
I thank my family for giving me the opportunity to attend GDA and everybody who supported me during these two years, which were lots of fun and the best experience. I had the best time. I will have many good memories of GDA.
I will miss a lot of you guys... I hope I'll see you soon.
Also, I don't want to finish this page without mentioning Michele. I had the best time with you as a roommate and I sure I'll see you soon...
GOOD LUCK EVERYBODY.

My time at Governor Dummer has been very special for me. It has made me into a better and more knowledgeable man. The friendships that I have built with people will always make me have a warm spot for the academy. I will always remember the first day of school, not knowing anyone and feeling out of place, how soon you all have made that a distant memory. Everyone one of the GDA community is a friend or even a family member of mine, and when I came back for senior year it was like I was coming home. I will always remember you all in my heart, for what you all have done for me, and for that thank you.

I would like to thank first and foremost my family, especially my father. He always had, and will have a place for me in his heart. For him, sending me to GDA was his greatest achievement. I won't waste what it's given me. Pop, Mom, you have always pushed me to do better, what can I say, but I love you. Ali and Andy, you have always been there for me as well, and I will always be there for you.

Mr. & Mrs. Bragdon, what can I say to you two. You have been like parents to me even for the three short years I got to know you. I'll have a place for you two to stay if you ever get snowed in at my house.

Mo, all I have to say is, so long and thanks for all the soda. I will look forward to the future. You have helped make me the person I am.

Mr. Seufert, I will always try to do more than I can. I might not have done it in glasswork, but in life I have and I thank you from the bottom of my heart for all you have done.

Mr. & Mrs. Midura & Family, I might have only been around for about 180 days, and fewer nights, you have treated me as a friend from day one, thank you.

Greg, Mazzi, Therriault, we've been through a lot, and will go through lots more.

Simon, keep up the good work, you'll make a great senior. And you have been a wonderful friend

Lindsay, you're very special, if you need anyone beaten up, just call.

Larlar, you've been a good advisor, confidant and protector for me, thanks for everything.

I would like to thank these people, for if they we not here for me, I would have never been the person I am.

Sto, Mr.Rokous, Mrs.White, Mr.Q, Sega, The Boys of Phiznillips, K-berry, Wotty, Searlesy, The Ladies o' the Library, The Crew, Hirschy, Mr.Gerry, Mr.V, Dr.O, The Nelly Bros., MacDaddy, Mr.Leavitt and Mr. Young.

There have been many more people I want to thank with words, but there isn't the space. So I will just say thanks to everyone who has helped me over the past three years. I will remember you all.

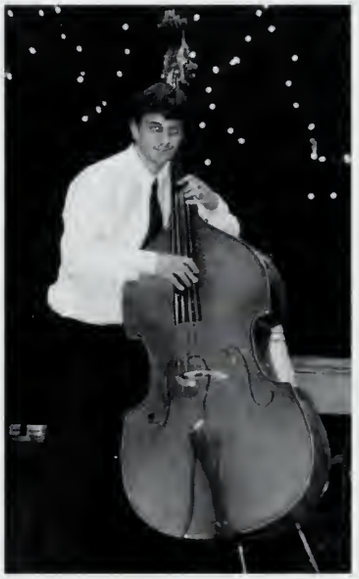
Seniors In Action



May Madness

Our time is near as we step forward into yet another phenomenal year. 1999 is the apex of the Class of 2000's years at Governor Dummer Academy. As one might notice, the junior class is an extremely talented class. It is in all degrees a consummate class. It is one that will never be forgotten at Governor Dummer Academy. Each member of the junior class has left his or her mark here at the school. As a class we will continue to be one of the greatest classes at the Academy. We entered GDA with a bang and will exit with one. Our junior year has provided us with a rigorous schedule, and very demanding work. Jean Jaques once stated. "There is a period of life when we go backwards as we advance". Kierkegaard, however, replied, "But life can be understood backwards, but must be lived forwards." We know that we will prevail. Each member of this class aspires to be the best that he or she can be. We will forever aspire to reach for the top.

The class of the new millenium is ready to carry whatever the next years may bring. With our wisdom, we shall not succumb. We know our strengths and weaknesses, and have no fears.

"Think then you are To-day what Yesterday you were- Tomorrow you shall not be less."-Khabyam-

When our time comes to part, we will "take hand and part with laughter; touch lips and part with tears." Swinburne-

We will never forget the memories that GDA provided each of us. We, the class of 2000, are prepared and eager. The double zeros are coming, and we are ready!

The class of 2000 would like to give a special thanks to Mr. and Mrs. Bragdon for providing us with support. You both have been a great influence and have helped to shape each of us individually, and as a class. Mr. Bragdon, you are indeed the quintessential Headmaster.

Thank you once again.

GDA's class of 2001 started its Sophomore year with an exciting weekend. The class's favorite trip seemed to be the Ipswich river canoeing endeavor Sunday morning.

The class, no longer freshmen, have a new role here at GDA. The class is not a trival part of the community, but a group of active leaders willing to improve their school. Although it is different than last year, there are still decisions and hardships to face everyday. We have learned how to live together and work together in a new way with the addition of forty new sophomores. New friendships have already started to bloom. Now the beginning of the year the sophomores are working hard to make a difference in the community. It looks like it will be a great year for the sophomore class!

The Class of 2001 as Freshmen (above), and Sophomores (below).

30 Days Hath September...

On Sunday September 13, 1998, the class of 2002, the new freshmen faces of GDA, arrived for the first time on campus. Unity Weekend started off the year where we bonded as a class through various activities such as the ever popular name game, a scavenger hunt in Newburyport, and Hodgies ice cream. Who could ever forget the freshman Olympics: the games, the bondage, the Jerry Springer skit? Then came FLIP, where we played trust games, spoke with the upperclassmen, and made ice cream sundaes for one another. We all will continue to grow closer in the four short years we have at the Academy. The class of 2002, may not be perfect, but I think we'll make it. Let's get psyched for the years to come.

-Heather Jameson '02

Mark and Lucas are so happy to be freshmen.

Watch out for the freshman fifteen Jacquelyn, Eleanor, Nicole and Rachelle.

Alyson, David and Melanie got a lucky chance to pose with senior, Becca Messinger.

The Cobb room seems to be a popular place for the freshmen to hang out.

Kelly and Vanessa stop for a picture in the E.B. before their next class.

Jocelyn and Marienna get into the spirit of fall sports at G.D.A., warming up before a field hockey game.

Marge, turn that frown upside down.

It's good to see Yuri in the library rather than in the Cobb room with the rest of his class.

Ben and Billy chillin' in the "FB".

Gemma and Jyllian play the trust fall game during FLIP.

Mel, Eleanor and Kelly relax in the French Building after a long day of classes.

Mackenzie, you are so beautiful!

Get some free advice from Angela and Jyll.

Marieuna, Rachelle, Alyson, Jocelyn, and Marge get psyched up before their field hockey game!

Alex and Mike, the big men on campus.

Having fun, boys?

Vanessa, Nicole and Lauren work hard in the library.

Should Senior Brian trust Kelly and Angela to stop him fro
falling?

Lauren gets a ride at FLIP!

Genna, Alex, Mel and Jonathan break for a Kodak moment.

Meghan, you are soooo lucky!

you sure all those kids are freshmen?

How's the ice cream, guys?

Meghan and Melanie head over to Phillips for lunch.

Party in Phillips, as everyone waits to eat lunch.

What was the best prank you did or was done to you in high school?

"I went to a public high school where pranks did not occur. However, at the school where I used to teach in Maine, the seniors hung a canoe by ropes down the center of a four-storey open staircase into the center of the foyer of the main building. Very dramatic!"

What was the best prank you did or was done to you in high school?

"Back in June of 1965, at my old prep school in St. Louis, my girlfriend and I had each been informed that we were to be co-recipients of the Headmaster's Award for Citizenship. The night before graduation, unknown to me, a daring and select group of senior girls decided that they would spend their last night at boarding school NOT in the dorm. They took their sleeping bags out to the field hockey field to spend the night under the stars. They were caught and the Dean of Boys told me that the next morning that my beautiful and nearly perfect girlfriend would NOT be recieving her award at graduation, but he hoped I would graciously accept mine. Imagine my discomfort. Imagine the emotional turmoil. I hope you young people will learn from my experience."

Field Hockey

The 1998 Governor Dummer field hockey season was very successful. The team was fired up by new Coach Krissie Kelleher who was ready to win. The team also had help from Mr. Van Ness. Led by captains Caroline Kelleher and K.K. Scharfe, the field hockey team came out strong. Practices were brutal, but the team came together on the field to give G.D.A. a new reputation in the I.S.L.

The teams overall record was 4-10-1, coming out in the middle of the standings. Good Luck to next year's team who will be led by captains K.K. Sharfe. Loren Montgomery and Ryan Tilden.

The '98 Men's Cross Country team had a strong and exciting season culminating in a third place finish at the New England Championship meet held at GDA. The team showed tremendous courage and spirit throughout the season, never failing to give every race their full effort. The seasoned runners truly pulled through and provided a good example for the newcomers. Best of luck to next year's team and captains, Pete Aloisi '00 and Marc McDonnell '00.

The '98 Women's Cross Country team began the season wondering what the future would hold. The team would be young, with only four veterans, and would face substantial losses like that of New England Champ Claire Sherman '98. However, as the season progressed, all were overjoyed to witness the strength of all the newcomers, in particular Kelly McGrath '02 and Vanessa Russell '02. Vanessa Russell placed 11th in the I.S.L.'s, and both placed in the division three New England's hosted by G.D.A. (Russell placed 4th and McGrath placed 12th). All and all, the squad was not only pleased with their record, but with the memories that were created. Next year's team is sure to be a strong one, only losing senior co-captain Naomi Fink. The group of runners will be led by captains Catherine Correia and Liz Turnbull. Good luck for the upcoming season girls, but as Coach Abu would say, "Make your own luck!" and "Go get those plaques that are waiting for you!"

-Naomi

ena Tucker strides toward victory.

The Governors are off to a good start against Thayer and Milton.

Front Row: Captains Jesse Garth, Jon Traister, Naomi Fink, and Elizabeth Turnbull. Back Row: Coach Bierly, Coach Rokous, Coach L. Abusamra and Coach D. Abusamra.

Elizabeth Turnbull struggles to reach the finish line with Freshman wonder, Vanessa Russell, not far behind.

Beth uses her amazing dribbling skills to get past the Thayer defender.

Women's Soccer

The women's soccer team ended their season with a 9-3-2 record, the best we have done in years. Outsiders had low expectations for our team this year, since we lost 8 players from the previous season. We put that behind us and gladly welcomed our new additions, Kim Jones, Jesse "Goalie" Kendrick, Allsion Bridges, Sarah Jameson, Rachel Abdulla, Cassie and Beth Depratto, Megan Barnaby and Caitlin Brown. The team, led by captains Rebecca Dosh, Ayeisha Morgan and Becca Messinger, also the MVP, and backed by Megan McShane, Rosse Vander Sande, Daria Grayer, Holly Erickson, Annie Adamczyk and Emily Ouimette, was very quick, aggressive and skillful. Coached by Anna Gerry amd Roberta McLain, the team defeated most of their opponents by a whopping sum. The result of this team's effort was a spot in post season play. Though we did not make it past the first round, our accomplishments were still extraordinary. The captains wish next year's team the best of luck.

Men's Soccer

This year the men's varsity soccer team had a lot to live up to as returning New England champs. Teams were gunning for us every game; if they could beat last year's champs, their season would be complete.

With several returning letterman, our hopes were high. The team was led by three strong captains. Seth Hale, E.J. Darisse and Mike Porter. The Gov's offense was at the top of the league, but the defense was not the same as last year. Overall though, the season was a blast with a 5-6-4 final record. All-League honors went to Mike Porter, Seth Hale, Sam Porter and E.J. Darisse. Good luck to next year's team and captains.

The Program

Once again the Governors football team put together an outstanding season. The Seniors and Juniors led by example and provided the underclassmen with great attitude to continue in the years to come. Senior captains were Paul Morrisey, Mike Moore and Steph Triendl. Although the Governors lost to Exeter in the season opener, it was evident that we had *excellent* fan support. With such great support the football team was able to fight through a tough schedule. The highlight of the season came against Middlesex in a come from behind victory. With such a solid core of underclassmen, I'm confident that next year the Govs will be able to topple Belmont Hill for an undefeated season. Good luck to next year's team and captains, Nick Mincolla, Dale Williams and Brad Downey.

The Children's Hour

It was a busy autumn in the world of theater. Busy yet exciting and energetic. A full four performances were produced, two of which were directed by students, Jesse Soursourian and Andrew Therriault. The mainstage production was 'The Children's Hour', by Lillian Hellman. Paul Wann directed, and senior Brittany Perham co-starred with junior Yori Senser as the ill-fated teachers Martha Doby and Karen Wright. Suppoting roles were played by Paige Ramsdell, Elisabeth Coolidge, Diana Cousins and Eddie Young. Teachers and students alike complimented the actors on their honest and complete portrayals of their characters.

Peter Nelson directed an assortment of scenes under the title 'American Cheese', and contained noeworthy perfomances by Simon Panall and Jess Rybicki.

Andrew Therriault's daring undertaking of an improvisational sketch show proved to be quite the learning experience for all involved. All the participants should be commended for their courageous steps into prevoiusly uncharted territory in the GDA drama program.

Jesse Soursourian directed the third act of, as well as excerps from, Thornton Wilder's 'The Skin of Our Teeth'. Although perhaps one of the shortest performances of the fall in length, 'The Skin of Our Teeth' mesmerized the audience and left them wanting to see the rest of the play. This production stared Freshman Leah Bonner as the brutally honest Sabina, Seniors Jason Charles (Mr. Antrobus) and Nathanael Sprague (Henry, his son), and Sophomore Jess Watson as both the foreboding Fortune Teller and the pretentious costume-lady, Hester. All the actors worked incredibly hard and created true theatrical magic.

Special Olympics

The 1998 Special Olympics Fall Tournament in the Soccer Competition was a complete success. The GDA community embodied the school's motto, *Non Sibi Sed Aliis*, by housing the event and providing a record number of volunteers. Over 200 GDA students and faculty members volunteered as team escorts, soccer venue directors, feild coordinators, meals, public relations, music, volunteer registration, team registration, opening ceremonies, Olympic Town communications, awards, and pick-up people.

Laughter, excitement, and enthusiasm filled the air as the athletes played their games, danced to the music and went to Olympic Town. Friendships were made while parading under the balloon arch, watching the parachuters, eating lunch, and playing on the soccer field. Shouts of victory were heard as the athletes received their medals and ribbons on the platform at the end of the competition. The Special Olympics Fall Tournament was a success due to the combined effort of all the volunteers.

Special thanks goes to: the faculty advisor, Mrs. Maud Hamovit, Co-directors Meghan Donohue and Joann Nguyen, Mrs.Susan Olesko, the management team from SOMA, the student management team from GDA, and all the volunteers.

The Dedication of The Porter Field

e Porter Field undergoes construction.

The Porter family has played a key role in the GDA community ever since their daughter Kelley began her attendance in 1992. This year Mike '99 and Sam '00 keep their family involved in the community. Kelley '96, Mike and Sam have all been members of Varsity Soccer teams at GDA and take pride in these teams. During the Summer of '98 construction of the Barbara F. Porter Field began under the Supervision of Michael and Robert Porter. This field was dedicated in honor of the late Barbara F. Porter, grandmother of Kelley, Mike and Sam.

This field, surrounded by an olympic-sized track and a field with demensions 120 yards long and 80 yards wide, is beneficial to the entire school. The 150,000 watts of power lighting the field is great for night soccer and lacrosse games, not to mention a state of the art drainage system.

This field is just a small example of the generosity that this family has shown for the school. Thank you again, Porter family.

"A TEACHER, ROLE MODEL AND A GREAT FRIEND."

For 22 years the Academy has had the opportunity of having Roberta Britton as a part of the its faculty. She started here part-time as a coach of cross country, spent two years abroad in Spain perfecting her Spanish, and came back, but as an art teacher. For the next 20 years, she remained the art teacher as she currently is. Unfortunately, her years here are coming to an end. Ms. Britton is retiring this year from Governor Dummer Academy and is going to pursue her art career.

Thank you, Ms. Britton, for the dedication you have put into the Academy for the past 22 years. We are thankful for your wonderful classes, insightful comments, talent in the field of art and especially your kindness. You have been not only a great teacher and a role model but also a great friend. You will surely be missed here by all the students you've touched. Thank you once again and good luck in the years to come.

Women's Hockey

The 1998-1999 Varsity Women's Ice Hockey season was definitely a transition year for the team. Led by Senior Captain Megan McShane and Junior Janet Hanson, the girls accomplished many victories than in the past. Starting off the season with a bang, the team for the first time in 7 years beat Brooks Academy which earned us the Holiday Tournament cup. Sophomore forward Beth Depratto contributed 48 goals to the team which earned her team MVP and All-Leaugue honors. The defense, led by top defender Cassie Depratto, consisted of Senior Jill Horgan, Teaya Bromley and Meg Lloyd. Meghan Barnaby, Janet Hanson, Beth Depratto, Brooke Barnaby, K.K. Scharfe, Robyn Klein, Megan McShane, Rachel Abdulla, Emily Ouimette, Kate Mitchell, Stacy Shealy and Kat Sager represented the team offensively. Dana Ahn and Chris St. Pierre were unstoppable in net. Good luck to the girls next year and special thanks to the coaching and guidance from Coach Wetzel and Coach McLain. Next year's captains are Cassie Deprato and Janet Hanson.

Men's Hockey

The 1998-1999 Varsity Men's Hockey team struggled through another tough season. There were many disappointing losses, but none as disappointing as the loss of a teammate.

Through it all the team battled to four wins against St. Mark's, Brooks, Middlesex, and BB&N.

There are high hopes for next season, with only four players graduating.

The highlight of this year's season, was the team's 2-0 win over BB&N, the first home win in four seasons.

Good luck to next year's team, and thanks to all the seniors who played through much adversity over the past four seasons. Next year's captains are Justin Fishman and Ryan Shelly.

Though we lost in the quarterfinals, that doesn't reflect the caliber of play our team put out this seson, with the coaching of Mr. Suggs and Mr. Larsen.

The team was led by captain Ayeisha Morgan and Seniors Marlena Mercer and Naomi Fink. We welcomed new players Vanessa Russell, Mel Bourque, Genna Grasso, Jess Logan, Kim Jones and Diana Burnell. Returning players Jessie Kendrick, Shaena Tucker, Catherine Correia, Annie Adamczyk, Loren Montgomery and Lyndsey Riley gave the team a strong backbone. The team will be a sure contender for post season play next year. Good Luck to the 1999-2000 season captains Loren Montgomery and Catherine Correia and the rest of the team. Their season promises to be a good one.

Men's Basketball

After winning the New England Championship last year, this year's team had a lot to live up to. Especially when our tallest player went from 6' 11" to 6' 2". Yes, we were slightly undermanned, but we compensated for our disadvantages with hard work, poise and teamwork. This year's team, though extremely different, proved to be equally as exciting as the previous. To be honest, in the begining of the year, I never would have expected us to end the season one game away from the playoffs. With just a little luck who knows what could have happened? Yet what could have happened is unimportant. The fact that we surpassed all expectations is what truly matters.

As for next year's team, things are looking hopeful. Marco Joubert leads the attack after having a sensational sophomore year . Marco is joined by co-captain Dale Williams. Louvis "The Claw" Olivero also returns to round out the versatile and exciting backcourt.

I would like to thank the team, most importantly my co-captains Justin Marshall ans Bob Sims, for all the memories and the great success that we had. Also, thank you to everyone who supported us throughout the year. And especially my deep thanks to Mr. Metz and Mr. Van Ness, whose teachings go far beyond the basketball court. I can't thank you enough.

Good luck to next year's team and to everyone in the future.

Wrestling

This year the Governor Dummer Academy wrestling team had its best year in almost a decade. We had eight returning varsity letter winners, which is more than we had in the past four years. However the big surprise came from the new additions to the team. Many of the first year wrestlers came through in the crucial situations, gaining the team a victory over our opponent. On the other hand, the veterans of the team we no laughing matter. As a team we were always aggressive, supportive and together we improved every day of the season. We finished off better than we have in the past six years with a sixth place in the Graves. The team will have a good, solid base of returning letter winners for an even bigger step toward a first place finish in the Graves. Congratulations to Mike Moore for placing first in 189 pounds at Graves and at New Englands and congratulations to Min Bae for placing first in 215 pounds at Graves and fourth in New Englands. Good luck to the team next year and their captains, Nick Mincolla, Gary Thomas and Joe Shedosky.

Volleyball

This winter season was a great success for the varsity women's volleyball. Even though we have suffered many years without much attention, the team was able to gain the respect we deserved by having a 12-2 record. With the skills and the heart of the team, and not to mention the support of the fans, we were invited to play in the A.I.S.G.A. tournament. There we met, once again, with Lawrence Academy, the team against whom we had our only two losses against, and six other ISL teams. We played our best volleyball at this tournament and proved so by beating Lawrence and taking home the first place title in the ISL. This was a huge victory for the team, becasue it was the first time in at least ten years a GDA volleyball team had won this tournament and earned the title as the first place team in the ISL. From this tournament only the first and second place teams were allowed spots in the New Englands, which took place at the Gunnery Academy. Unfortunately we did not get first place, but placed fourth in the tournament, which was not that much of an upset becasue it was a vast improvement from past years. Overall the season was excellent. This was definitely the best team GDA has seen in the past ten years. I was very proud to be co-captain with Marika Hull and to be part of this winning and spirited team. Good luck to the team next year. May we keep the title as number one as long as we can, and most of all "BUMP, SET, SPIKE, GO GDA!"

Dance

Dance is a form of self expression that makes you feel good about yourself. The Luigi techniques the dancers used in warmups emphasize training, stretching, and controlling muscles you may never know you had. This year's dancers ranged from girls who had never danced before to girls with extensive training.

The GDA dance program explores all different genres including jazz, modern, ballet, hip hop and tribal. Each dancer improved incredibly by the end of the season. Directed by Susan Atwood and Sarah George and assisted by Senior Kristin Seim and Junior Yori Senser, the dancers put on two of the best and most diverse performances of the past few years, and two of the most well attended. Johnny Spec and the BC's and Matt Herron added energy and a jazzy feel to both evenings, which broke up the costume changes and pauses. Guest dancers included the Korean break dancers and Jason Charles.

All the girls worked very hard. Good luck to all the continuing dancers, you have so much talent, GDA is lucky to have you. Thanks to the community and especially Susan Atwood and Sarah George.

Into The Woods

The Governor Dummer winter musical, *Into The Woods*, was one that will never be forgotten. With the amazing costumes, set and characters, it was phenomenal. Each and every member of the cast was determined and eager to put on the best show possible. The show was the best not only because of the cast, but because of Ms. McKeen, Mr. Wann and the Art Department. They definitely were the backbone of the program.

> *"It was a play that will never be forgotten."*

Despite the long practices and the tedious memorization of the lines, the cast pulled it together to perform exceptionally both nights.

With all our talents combined, we rose to meet the challenges that this tough play held for us. We did not succumb. We pulled it together and gave it our all.

Women's Tennis

The women's tennis team had a strong season as well as lots of fun on and off the courts. It was Coach Moore's first year coaching the women's team and the team loved having him as coach. The team was lead by Captains Polly Titcomb and Megan McShane.

The close knit team worked hard and pushed through some very tough matches. Sophomore Jess Ross returned as our number one seed followed by returners Emily Dana, Jamie Gilberg, Jessica Reed-Zaplin and the captains, Megan and Polly. Two new players, Jesse Lee and Mel Borque added strength to the bottom half of the ladder.

Not only did the team have fun playing tennis together, the team had a blast on the way to matches in the van with Coach Moore.

With the talent and enthusiasum of the returners, next year's season is sure to be a great one. Good Luck to next year's team and captains, Emily Dana and Jamie Gilberg.

Men's Tennis

The Men's 1999 Varsity Tennis Team had a less-than-stellar season, but with wins over Lawrence Academy and Brooks School, and a tie with St. Sebastian's, the team had its best record in 3 years. With a solid contribution from Brett Bregman at number 6 and the new addition of Malcolm Smith, halfway through the season, Nellie was very happy. Nick Mezger and Captain Cian O'Neill both had solid seasons as well.

With no seniors on the team this year, GDA tennis will be back next year and be better than ever.

Women's Lax

Primarily, the varsity lacrosse team's season was a questionable one. The team welcomed back the coaching of Anna Gerry and brought on a new coaching staff of Roberta McLain and Tracy Ainsworth. Along with returning players Caroline Kelleher, Ayeisha Morgan, Meghan Donohue, Kate Mitchel, Becky Dosh, Meghan Barry, Rachel Abdula, Liz Kelleher, Ryan Tilden, Holly Erickson, K.K. Scharfe and Lauren Montgomery the team showed promise. Though there were questions of the season's probable success, all questions were answered after playing an amazing winning game agaist Exeter. Nicole Robbat, Kim Jones, Meg Llyod, Meg Donovan, Beth Depratto, Katie Brox and Jackie Swansburg, the new players to the team were all also a major backbone helping contribute to our 10-5 season which placed us in third place over all. We were as a team able to continue a winning tradition which has stood for the past 20 years, by staying in the top five teams of the league. Congratulations to the team and good luck next year. Congratulations also goes out to Caroline Kelleher, Liz Kelleher and K.K. Scharfe for their first team All-American selection.

The highlight of the season was a 7-6 win over a strong Roxbury Latin team, who at the time was first place. The team also won their final game against Brooks 7-6.

Key contributors this season were first year goalie E.J. Darisse and juniors Nick Mincolla and Sam Porter. There are many high hopes for next year with many returning letter winners. Good luck to next year's team.

Softball

The softball team has done well this season against some of the tougher teams in the ISL. Lindsay Gobin pitched most of the season and won most of the games for the team. She was also the third best batter in the ISL. Her back ups include captains Anne Adamczyk and Melissa Kelleher. Both are amazing role models to the team and have led the Governors to all their victories. Jessie Kendrick batted first in the league and saved many games with diving catches and hard throws to first to get the runner out. Emily Ouimette also made some amazing catches. She is on the ground more than any other player and always goes home dirty. Gabe "The Babe" Lipman was also strong hitting and pitching. Cassie Depratto and Angela Romano kept left and center fields protected with the help of Michelle Wheeler, Cait McIntosh, Brooke Bishop and Kim Peck. The girls are also the loudest team on the bench keeping spirits high and keeping the game fun.

Baseball

The season certainly has had its ups and downs. Under the guidance and leadership of both Mr. Hirsch and Mr. Gettings, the team has showed off its talent and its maturity on the field. The high point of the season came when the baseball team defeated Belmont Hill 2-1 with some great pitching form Derek Falvey. The low came against Roxbury Latin where we lost a battle 6-5.

This year has been filled with dramatic home runs, sharp defensive plays, and dominating pitching. Slnggers like Paul Morrissey, Matt Lee, and Rick Binelli were very successful in all aspects of hitting. Whether it was moving a runner along or driving in runs, they came through with what was needed.

Derek and Bob Sims have grown as pitchers in the last two years, and have both pitched in with quality starts in each outing. Despite a few mental lapses, this team had the winning combination, and should continue through the upcoming years. Carson Shedd, Matt Lee, Derek Falvey, Gus Peterman, Joe Fannon and Josh Freeman make up a solid nucleus for next year's club. Thanks to Mr. Quigley and Mr. Colgate.

Track

Our season was short, our team was small, and our track was beautiful. This season there were some exceptional performances by individuals on both the Men's and Women's Track and Field teams.

The Women's team won the first meet ever on the NEW GDA track. This was a close meet against St. George's. Winning the meet depended on the 4X400 relay. With determination and tenacity Jocelyn, Vanessa, Shaena and Daria pulled it off. In our agony we enjoyed the glorious moment.

The Men's team struggled against larger teams and was plagued by injuries. Both teams shared their ups and downs. The women placed third in the ISL meet, with excellent performances from Patricia, Naomi, Daria, Vanessa and both relay teams. For the men, Nate, Stef and Jason scored points. The women also placed an impressive fifth in the New England meet, and Patricia set the school record in the discus. Both teams look forward to more success next year.

The Formal

This year's formal is one that the GDA community will never forget. By six o'clock, the elegant dresses and sylish tuxes could be seen throughout the quad. Everyone could tell that it was going to be a very exciting night.

The aquarium was the perfect place to start the night. The light blue light radiating from the many fish tanks set the mood for the night. After finishing an outstanding dinner, students and faculty alike crowded the cramped dance floor, and the fun began. For the next several hours the DJ played every type of music from country to punk rock, one of the best mixes GDA has ever heard. Between breaking it down on the dance floor and watching the fish swim in circles, the hours seemed to pass in a heartbeat.

At 12 o'clock the mass of students exited the aquarium and made the short five minute walk to the Odyssey. Once on board some people explored the boat, others went straight to dancing, and a few grabbed a bite to eat, or even took a quick nap. The dance floor on the boat was even smaller than the one in the aquarium, but that did not stop anyone. A constant flow of rap was played for the rest of the night, and I was reminded what a GDA dance was really like.

Slowly but surely people's second winds hit, and more and more people flocked to the dance floor, or in most cases the rug next to it. As the room heated up, so did the dancing, reaching a pinnacle with J.J. Morrissey and Cassie Depprato preformed *Riverdance*-like movements to "Cotton Eyed Joe." Almost as quickly as it started, it was to board the bus and head back to good old GDA. This year's formal was truly a success.

The Guild

The 1999 Spring Guild was definitely a memorable event. Hosts Paul, Tim and Joe not only got the crowd into it, but also added to the Guild by singing and playing as well. Artists played a variety of music from punk to rap, Dave Matthews Band to the Grateful Dead. All the Guild regulars including Jim Meniates, Pat Carey, Harry Dolan, and Jon Traister tore up the stage. Nat Baldwin, Seth Hale, Jesse Garth, and Jesse Soursourian all displayed their talents to the fullest by singing or playing an instrument, or just dancing like maniacs in front of the stage.

The Guild also featured some new faces such as Sarah Avalon who, accompanied by Doc Bradley'd Guitar, sang "All I Want" and LaDonia Daniels, who paralyzed the audience with her amazing redition of "Amazing Grace". Stu Gilfillen and Andy Therriault brought us back in time with Brown Eyed Girl .

A great time was had by all, and both Kate and I would liketo thank Simon, Beth and everyone else who helped. We're sure that next year will follow the pattern of successful Guilds.

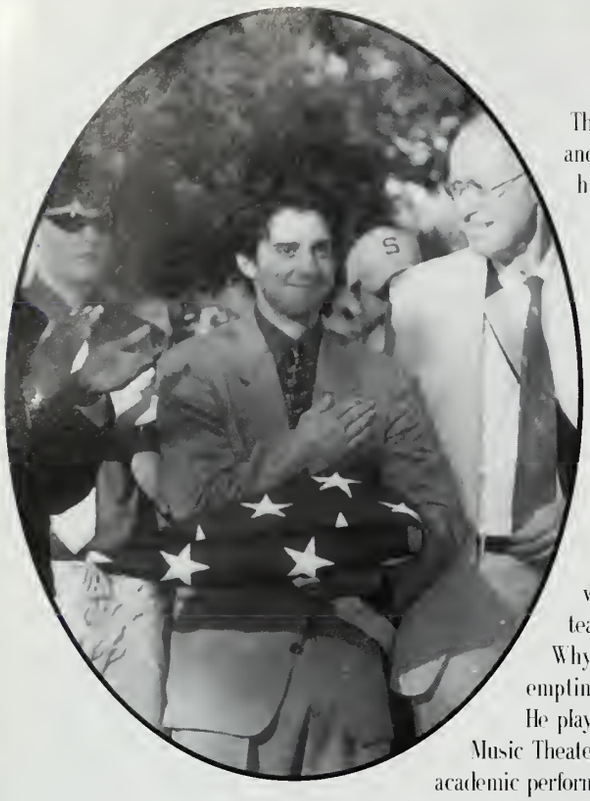
COMMENCEMENT



The Morse Flag

The Morse Flag was first awarded 86 years ago at the 150th Commencement of this school on June 9, 1913 and it has been awarded each year since that time to the senior whose record in all respects has met with th highest approval of the faculty. According to the trust established by the late Rev. Glenn Tilley Morse, long-time friend and trustee of the Academy, a new flag is provided each year in order that the old fla which has flown over the school during the past year may be given to a member of the graduating class

Words can capture him as easily as a rope can lasso a whirlwind. A whirlwind has been his style a he has captivated the Governor Dummer community with his voice, his acting ability, his overwhelmin passion, his total involvement in all his pursuits.

Academic highest honors and junior admission to the Cum Laude Society are products of his genuin interest in learning. His teachers describe his approach in these ways: "He engages out of passion. H lives not comfortably but courageously." "Because he is willing to be wrong, to be foolish, to be hurt to be himself he learns more in one day than most students learn in four years." "He perspires, h inspires."

The stage presents the scene for his most visible triumphs. He sings tenor in our select choir and ha been selected for District and All-State each year; last year he was selected for the Eastern choir where h was lead tenor. He plays the piano and the guitar in the GDA band. A year ago he sang for his departe teacher Taylor Liske:

Why can't you come on down and stay awhile? Teach us one more time to smile? Lead us through th emptiness? Can you hear me? Can you see the tears of tragedy?

He plays outside of school in a band. He has performed with the Gloucester Stage Company, the North Shor Music Theater and in the Newburyport Firehouse productions. For eight weeks this fall he maintained his superio academic performance while he had a lead in the Boston production of "Lost in Yonkers" at the Lyric Stage.

Two weeks ago I watched him on the bench of the varsity lacrosse team in a close contest. Although not actually playing he was totally into the game. This is n surprising for an enthusiast who, when asked about some of his long-term goals answered, "Before I die I hope to climb a mountain, hike, scuba dive, hanglid become a member of a Native American tribe, work on a fishing boat, pet a tiger, own a cat and follow a wolf pack."

This unique individual has enthralled the Governor Dummer community with his talent, his heart and his courage during his four-year tour.

Jesse Michael Klein Soursourian of Beverly, Massachusetts

The Headmaster's Cup

At the core of Governor Dummer Academy's mission is a pure, undaunted, indefatigable search for excellence. No student of the last sixteen years of the Academy more epitomizes this search than the recipient of the 1999 Headmaster's Cup.

Her three year journey through the Academy included every challenging course that is offered here. As a sophomore she was enrolled in Spanish 4; at the end of the year she earned an 800 on the SAT II - Spanish test. In her American History term paper, written her junior year, she examined the contradictory interpretation of an 1857 massacre in the Utah Territory with the aplomb and ease of a superb graduate student. The Concord Review waived its 4-to-6-thousand word limit and is publishing all 15,000 words of this extraordinary paper in its summer issue this month. At the conclusion of her junior year she won the Harvard Book Prize, the Memorial Mathematics Prize, the Dartmouth Book Prize. She has always earned highest honors with straight A's. She was a junior entry to the Cum Laude Society.

She has accomplished such academic heights while surrendering significant time at school, maintaining the rigorous schedule demanded by her status as one of our nation's top junior equestrians. Any familiarity with riding competition reveals the intense mental and physical stamina which is the price of such excellence. Just this year her laurels have included being the only rider in the nation to win ribbons at all four of the major national finals for a junior in the equestrian division including first place in the prestigious Washington International Horse Show Equestrian Classic Finals. Her memorable ride at Harrisburg short of victory remains one of the dramatic moments of the nation's winter competition.

While managing such remarkable achievements she has remained selfless, modest, passionate, conversational and caring. One of her major gifts to her school was to resurrect a dormant idea of a writing lab now in operation and staffed by students. She has sung in our top vocal group. She is an artist and a sailor.

Her distinguished and noble search for excellence makes her an utterly deserving recipient of the Headmaster's Cup.

Sarah Bradley Willeman of South Hamilton, Massachusetts

The Academy Prize

There are two prizes which are awarded by vote of the entire faculty: One is the Morse Flag, awarded earlier this evening; the other, the Academy Prize. Upon retirement of Headmaster Ted Eames in 1959 the underclassmen of the Academy endowed the already existing Academy Prize so that henceforth at each Commencement it could be given "in honor of Edward W. and Eleanor K. Eames so that the qualities they so deeply prized might be prized in turn by future and succeeding classes." Those visiting the Phillips Building will find inscribed on the paneling outside my office door, in the entry-way of the Cobb Room, the names of all Morse Flag winners, reaching back to 1913, and the winners of this Academy Prize from 1931.

"His tireless sense of curiosity, his passion for justice and his joy in learning were exemplary and contagious," commented one of his teachers. Another referred to "his tenacious work ethic and his positive attitude." Another: "His life is about service and he lives with joy and candor. He leads by example. His ambition is fueled by idealism."

The four-year intense involvement of this responsible, heart-warming and sincere young man has been a gift that we will long remember in the life of Governor Dummer. He came to Governor Dummer from nearby Triton for the opportunity to become a fine student and to pursue his passion for sports. At Governor Dummer he discovered a passion for music and played the saxophone in our chamber ensemble and jazz band. His greatest success in sports occurred at the varsity level in football and lacrosse, two sports that he had never played before coming to Governor Dummer. One master-teacher commented that he was the finest competitor he had ever coached. His commitment to learning, his studying with his mind and his heart and his honors and high honor average joined with his competitive spirit earned him the Carl Pescosolido Scholar Athlete Award last year.

Yet his greatest contribution to Governor Dummer has become clear in the areas of service and leadership. The Student Council, the Red Key organization, Student Life Review Committee, Special Olympics, the Freshman Leadership Incentive Program, Social Committee, SADD, Project Outreach all included his service and leadership. Last year he was one of only four juniors chosen for Governor Dummer's Honor Society, which celebrates service. We could not ask for a better role model for our younger students and potential leaders. President of his class sophomore and junior year, this year he served as President of the Student Body. Throughout the year he has been a beacon of candor, goodness and determination, a force creating the triumph of this year and the emergence of a stronger, more responsible community. He is destined to be a world changer, to quote a classmate. A leader, a magnet for action.

Joseph Peter Turner, Jr. of Haverhill, Masssachusetts

The Thorndike Hilton Cup

The pinnacle of academic achievement is scholarship, and the ranking scholar of the Class of 1999 has achieved heights of scholarship that this Academy has rarely seen before. Hers is an extraordinary dedication to excellence in all academic areas: mathematics and sciences, photography and music, and the humanities. One of the great pleasures--and challenges--of my teaching career was working with this student last year as she wrote her research paper in Advanced Placement United States History, a work of such craft and careful, sophisticated scholarship that it might well be mistaken for a graduate-level thesis. "Never before have I given so high a grade as A+ to the fifth power," I commented last spring, "but your paper set such an extraordinary standard for scholarship that it seemed to demand the evaluation of a higher power." I did indeed consult a higher power . . . and The Concord Review, the only English-language publication in the world of scholarship by high-school students of history, is publishing this summer her paper on The Mountain Meadows Massacre of 1857. No one else in the history of this Academy has achieved this distinction. That this student has achieved such dizzying feat of scholarship while competing and achieving as well in the highest national arenas of the junior and senior Grand Prix equestrian trials is all the more amazing. She will ride full-time next year, deferring her admission to Stanford University until September 2000. This year's Thorndike Hilton Cup goes to a rider and a writer of true elegance and nobility, and at age 17--perhaps the youngest member of the Class of 1999--truly a prodigy, from South Hamilton, Massachusetts.

You would be proud to call this young woman a friend. Loyal, caring, always willing to take the extra time to connect rather than just pass by, she has been a cornerstone of joyfulness for many of us. Her feelings for others and for this Academy are deep and true, clearly expressed in her daily actions and her widespread, selfless immersion in our community. Student, athlete, proctor, tour guide, F.L.I.P. Leader, and head of Red Key and "The Milestone," she has been a beacon of character and good citizenship.

Jessica Sara Reed-Zaplin of Burlington, Vermont

This Special Prize is being given to honor a young lady of brilliant thought, deed and word. She is a free and independent thinker, yet a completely skilled academic, philosopher and poet. Throughout her time here she has been referred to as "outstanding in every aspect", "tenacious as a bulldog", and "flawless." In some ways subtle, yet dazzling, and for anyone who truly knows her, she is a dear friend and a source of great strength.

Brittany Titania Perham of Beverly, Massachusetts

She has traveled great distances, both literally and metaphorically, to be a part of Governor Dummer Academy. Since her first ear of new surroundings, new friends, and a new academic system, she has grown into a strong leader with a sense of humor and ompanionship. This young woman builds community wherever she goes. A member of AVP, jazz band and orchestra, she has been a strong voice on campus. She has been a leader in her academic classes, and is a president of pride, our multicultural group. Each day, with her actions and words, she brings respect and understanding to our community, it is with a similar respect that we honor her today.

Naomi Vanessa Fink of Los Angeles, California

She gives so much. Her smile shines from Farmhouse through Boynton and on beyond Byfield. It will light her way into a bright creative future. Her teachers comment that she has "a natural understanding of human dynamics;" that she is diligent; that she writes "beautiful prose;" she creates photographs that are "stylish and evocative." She was one of our first peer advisors and a valued dormitory proctor in Farmhouse and co-president of the Health and Wellness Committee. Co-captain and starting outside-hitter on our successful volleyball team, she, in the words of her coach used "her smile and easygoing style to make the other players relax during competitive situations. She helped build positive chemistry and attitudes."

Marika Nicole Hull of Brentwood, New Hampshire

Special Prizes

An alumnus of the class of 1911 at the Academy, father of an alumnus, friend and neighbor of Edward W. Eames for years during the latter's retirement, until their deaths in 1975 wihtin days of each other--and for many years a generous benefactor of the Academy--Milton L. Dodge of Newburyport in his bequest provided fo rthe continuance each Commencement time at Governor Dummer Academy fo Special Prizes to be awarded to the "members of the senior class whose perserverance, courage, initiative, sense of responsibility, loyalty and concern of others have contributed to the strength of the Academy." With gratitude to Mr. Dodge and his family, we award our Special Prizes.

The Wilkie Service Award

The Wilkie Service Award in honor of Valleau and Marjorie Wilkie is awarded to a senior whose contributions to the community outside the school have best demonstrated the deep concern, the unfailing sympathy and aid, for which the Wilkie Headmastership is affectionately remembered.

This year's recipient exemplifies the GDA motto, *Non Sibi Sed Aliis*. As a sophomore, she served as a volunteer in the Anna Jaques Hospital Day Care Program. In her junior and senior years, she organized our Martin Luther King Day celebration. She coordinated this effort by contacting agencies and distributing jobs, and she also helped write the complete step-by-step manual for organizing the day. Thanks to her remarkable professionalism, follow-through, management of detail, and care, together with the manual, the event went forward without a hitch. Her efforts will be the standard to follow in the years to come. Many people have benefited from her volunteer effort.

Christina Catherine Coppolino of Georgetown, Massachusetts

The Edward J. Rybicki prize is presented to the graduating senior who, as a member of the staff of the Governor, best demonstrates the qualities found in the teacher for whom the prize is named: selflessness, sense of humor, responsibility toward the welfare of others and the courage to live by a strong set of personal beliefs.

His strong writing skills, ready wit, exemplary dedication, kind but firm approach with staffers and ingenuity with technology helped make this year's Governor a vibrant, responsible publication.

Stuart William Gilfillen of South Hamilton, Massachusetts

The Edward J. Rybicki Prize

The Cumings Prize was established by the family and friends of the late Fred T. Cumings of Troy, New Hampshire. It is awarded annually to a student who has shown perseverance, hard work and good spirit in contributing to the welfare of the school.

She has touched us all with her determination in the classroom, genuine concern for faculty and peers, and her commitment to the Governor Dummer community. She has worked for the betterment of the school through her energetic efforts as a leader of her class and a representative of the student government. A dedicated student and athlete, a dormitory proctor, and a standout head tour guide, her healthy spirit is unyielding.

Megan Ann McShane of Key West, Florida

The Cumings Prize

The Anne Marie Murphy Athletic Award

The Anne Marie Murphy athletic award is given annually at commencement time to that senior girl who, by her example and her achievement in athletics, has brought the greatest honor to her school during the past year.

Hard work, dedication and a combination of passion and skill have been the trademarks of this player in each of her ten seasons on our playing fields. She has been a spirited and relentless competitor who has set high standards for herself and her teammates.

A four-year letter winner in field hockey. She was team captain, team co-most valuable player and an all-league selection in her senior year.

In lacrosse, she has been a four year letter winner, team co-captain, two-time most valuable player and two-time all-league selection. At all times, she offers a standard of play and sportsmanship toward which so many athletes, coaches and teams aspire. She has represented herself and Governor Dummer Academy with the highest degree of class and accomplishment.

Caroline Kelleher of Duxbury, Massachusetts

The Gaffney Prize

The Gaffney Prize, established in memory of Robert A. Gaffney of the Class of 1940 is awarded to that senior who, in the opinion of the faculty, has been most considerate of the rights, opinions and sensibilities of others.

His charming smile immediately warms the person he is greeting. Moments into the conversation one is struck by the energy and enthusiasm of this engaging young man. Whether writing in our school newspaper, "The Governor", to defend a fellow student, arguing a point at the Harvard Model Congress, clarifying an issue for a younger dormmate in his role as proctor, helping a new "friend" at Transition House, the first male ever allowed to volunteer at this women's shelter, his actions and his consideration uplift the lives of others.

James Connor Mazareas of Marblehead, Massachusetts

In football and wrestling he was both a team leader and a determined competitor. He has won the respect of his teammates and the opposition for his work ethic and spirit. In football, he has been a four year letter winner, a two-time team captain, and an all-league selection in his senior year. As the starting center he was the anchor of one of the most dominant offensive lines in the league. His experience and consistent play on defense made all those around him better.

He will be best remembered for his accomplishments on the wrestling mats, where he was a four-year letter winner, two-time team captain and three-time team most valuable player after finishing fourth at the league championships his freshman year, he won the tournament a remarkable three years in a row. He capped off his career with a senior year that saw him eclipse the 100-win mark, win a New England Championship in his weight division and was the Boston Globe 1999 All Scholastic selection in wrestling. He has set a standard for perserverance, dedication and achievement that will challenge others for years to come.

Michael Joseph Moore of Winfield, Illinois

The Goodwin Athletic Prize

The Peter Marshall French Trophy

The French Memorial Trophy has been given by his sister in loving memory of Peter Marshall French. It is inscribed each year with the name of a student at any level whose perseverance, sportsmanship and generous spirit on the playing field, regardless of distinction as an athlete, represent the highest standards of participation. An inscribed scroll accompanies the trophy.

He is the kind of athlete every coach wants on a team. He comes to each practice and contest ready to work hard and he encourages others to embrace the same attitude. As a letter winner in football, basketball and track, he has lifted his teams with his enthusiasm and competitive spirit. In football, he capped off his career as a tri-captain and was a two-time All-League selection. In track he was a consistent performer and captain of this year's team. His determination, ability and sportsmanship make him one of the most respected athletes in the league.

Stephan Triendl of Pointe Claire, Quebec, Canada

The Thespian Award

He works theatres all over New England. In Boston he has performed Shakespeare at the Public, Simon at the Lyric; in Gloucester at the Gloucester Stage Company; in Portsmouth at the Players Ring and in Newburyport at the Firehouse. As an actor he has received favorable notices in the Boston Globe and the Essex County newspapers. He has also been praised in the Governor. As a freshman, he walked off the fall soccer field and into winter drama in Thompson to star as The Wiz. This year as a senior, he walked out of winter drama in Thompson after starring as the baker in Into the Woods and walked onto the spring lacrosse field. His work as an actor displays passion, range, craft and commitment. His work as a director is brilliant and demanding. He is an accomplished musician, singer and songwriter, as well as an actor. The 1999 Thespian Award goes to a true renaissance man.

Jesse Michael Klein Soursourian of Beverly, Massachusetts

The Alumni/ae Association Award

A student at Governor Dummer for three years, the 1999 recipient of the Alumni and Alumnae Association Award has been a vital memner of this community. The effectiveness of her leadership for the Governor; for the Special Olympics and for Harvard Model Congress made a real difference in the successes of these programs. She has worked diligently as a Mansion House and computer room proctor. Her energy is boundless; her smile is infectious; her care for others is heartfelt.

Recent comments from faculty close to her reflect her special qualities: "insightful, strong-minded, thoughtful of others, and dogged in the pursuit of issues;" "is always ready to contribute and is also respectful of her perrs' opinions;" "works tirelessly on her studies but always finds time for helping other students;" "it is difficult to write just how much I appreciate the amazing job you did this fall on the Special Olympics."

A member of the GDA chapter of the Cum Laude Society and headed for Amherst College in the fall, it is a pleasure and an honor to present the 1999 Alumni and Alumnae Association Award to:

Joann Chien Nguyen of Salem, Massachusetts

This student has been immersed in drawing and painting for four years, as well as a semester in ceramics this year. She is original, explorative, willing to take chances, and able to take criticism constructively. She is critical of herself and always strives for the best. She has good insight and observations. She won the junior art award last year and won an honorable mention in the Boston Globe art awards this year. She took the challenging ap studio art course this year. She is a quiet, gentle, caring person with a heart of gold. These attributes demonstrate themselves in her school life as well. In addition to her particular talent in art, she is also a dorm proctor and a fine athlete. She brings a strong commitment to her life here at Governor Dummer and involves herself in the school community and she was elected to the honor society of Governor Dummer.

Rebecca Dosh of Cape St. Claire, Maryland

The Barriskill Prize

The James M. Barriskill prize, established in 1960 by the students in memory of Mr. Barriskill of the faculty, is awarded annually to that member of the senior class who has made an outstanding contribution in the field of music at the Academy.

In a school where music is so much a part of our lives and where so many of us participate in one way or another, the mighty class of '99, you have done yourself proud. You have established new levels of excellence in all the many styles of music here on campus.

With so many musicians in this class it is hard to single out just one, or two, but it is hoped that you realize that you all share in this prize and can share in the joy of the prize winners. One is a musician who has left her mark and long may it last. As Jon Shain and Tim Clark, Class of '84 started the Music Guild, this student started an elegant, refined and highly successful concert series for vocalists, which we hope, continues into perpetuity. The other is simply a once-in-a-lifetime student. So blessed with talent, ability, a remarkable practice ethic and a voracious appetite for knowledge, that in less than one year, he has attained levels of musicianship that many others struggle and fail to reach in a lifetime. We have been blessed to know and hear them.

EDITORS' NOTE

The long journey began last spring when the search for the new editors for the last Milestone of the millenium began. We both went into this job not wanting to work with each other, but by the end of this year we both came to the realization that we could not have done this with anyone else. I believe that people take this job thinking it will look good on their college application (and it does) but I came to the conclusion that the job entailed much more than a title. Unknowing of this we both jumped into this endeavor feet first thinking we were going to be different than last year, things would run a lot smoother, and we were not going to be those anoying girls at morning meeting; we had made the wrong prediction. But what happens happens, and the book is finished. The journey was long, but it had a number of high points, because when we came to the end of our mission there was an excellent product. We thank all of the seniors who helped us along the way, but a special thanks goes to Jesse Lee, without her the Milestone office might have been a calm relaxing place to work. The past four years have been great and our main objective was to capture those memories of high school and give them to you so even if you forget you can go back and relive the carefree days of high school.

Jill and Jessica
